

Mistral PG BT

COMING SOON

Mistral PG BT is the low-temperature version of the Mistral plug-in range. This vertical multi-deck cabinet is powered by propane refrigerant gas (R290) and features a large display area with excellent product visibility and accessibility.

Mistral PG BT is specifically designed to preserve frozen foods while supporting their display and self-service sale, combining functionality, efficiency, and ease of use in a compact vertical design.

This product is part of Mistral range, the next generation of DRR vertical cabinets. Designed for low energy consumption and high efficiency, it simplifies multiplexing operations while maximizing performance. Mistral combines elegance and simplicity with outstanding product visibility, adapting seamlessly to any display need.
