

Vertical plug-in multi-deck at normal temperature suitable for the display and self-service sale of prepacked products such as meat, delicatessen, dairy products, fruit & vegetables.

Onyx is a range of vertical display plug-in multi-deck, characterized by a high configuration versatility. Onyx is extremely compact in terms of footprint on the ground which offers an extremely flexible solution that is ideal for any furnishing needs of the store, even where space is limited.

The visibility of the products on display is excellent, even from the side thanks to the panoramic shoulders.

Also available in the following versions: with doors (ONYX DOORS), low temperature (ONYX BT) and semi-vertical (ONYX SV).

CLIMATIC CLASS: 3M1 -3M2 -3H
