

Patmos 2.1 TC

Serve over counter hot sections suitable for the display and sale of ready-to-eat gastronomy. The Patmos 2.1 range is the result of a further evolution of the Patmos 2.0 range. The design is essential, characterized by lightness and transparency of shapes, ideal for ensuring excellent visibility of the goods on display. With its various setup and ducting options, and the numerous models available, the Patmos 2.1 range is presented as a highly versatile solution, ideal for any sales area, from a small specialist shop to a large supermarket. To complete the range, a version called “HQ” with a 130 mm higher front was created.

ENERGY LABEL

Model not subject to Energy Labelling (Ecodesign 2019/2024 and Energy Labelling 2019/2018).
