

Amethyst SV

Self-service promotional island, at normal temperature, suitable for the display and sale of prepacked products such as delicatessen and dairy products.

Amethyst range, powered by propane refrigerant gas R290, is characterized by an exceptional flexibility in positioning inside the store and to any type of store, from small shops to large hypermarkets surfaces.

The Amethyst range has been designed to offer maximum visibility to the displayed product, making it particularly suitable for store areas dedicated to impulse buying and promotional sales.

Amethyst is also available in the AMETHYST LS model.
