

Patmos HQ 2.1 CV

Traditional refrigerated display case designed to quickly transform itself, thanks to the convertible superstructure, from self-service to serve-over.

The Patmos 2.1 range is the result of a further evolution of the Patmos 2.0 range. The design is essential, characterized by lightness and transparency of shapes, ideal for ensuring excellent visibility of the goods on display. With its various setup and ducting options, and the numerous models available, the Patmos 2.1 range is presented as a highly versatile solution, ideal for any sales area, from a small specialist shop to a large supermarket. To complete the range, this version called “HQ” with a 130 mm higher front was created.

CLIMATIC CLASS: 3M1 - 3M2

ENERGY LABEL

Energy class referred to a specific cabinet configuration, which may significantly change for a different one.
